1

Attach charger cradle to the light.

Do not force them into place. Contacts
are magnetic and will self-align.

2

Remove rubber cover from charger

3

Install charger in standard size USB port.

Be certain that both the USB port and the charger
are in the correct orientation. When correctly
attached to light and charging source, LED
indicator will flash RED. When charging is complete,
LED indicator will flash GREEN. Remove light and
reinstall rubber cover on charger.

WARNING: DO NOT PLACE anything other than
FLEA lights on USB Charger contacts
