

SUPER FLEA FRONT™

USB Rechargeable Light

Part# 2027156

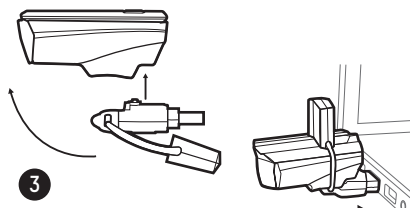

Remove rubber cover from charger.

Install charger in standard size USB port.

Be certain that both the USB port and the charger are in their correct orientation.

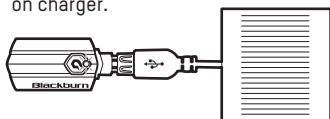

Attach charger cradle to the light.

Do not force them into place. Contacts are magnetic and will self-align.

When correctly attached to light and charging source, LED indicator will flash RED when charging
When charging is complete, LED indicator will flash GREEN. Remove light and reinstall rubber cover on charger.

WARNING: DO NOT PLACE anything other than FLEA lights on USB Charger contacts.

4 Remove light and reinstall rubber cover on charger.

Optional USB Solar Charger (Part #2015577)

Place Solar panel in direct sunlight for fastest charging.

Visit us at blackburndesign.com for product updates.

MAKE SURE TO FULLY CHARGE LIGHT BEFORE FIRST USE.

OPERATION:

1. Press button to turn ON
2. Press again for LOW mode
3. Press again for STROBE
4. Press again for OFF

GREEN = 100% to 75% Battery Capacity

(lit for 5 sec after button press)

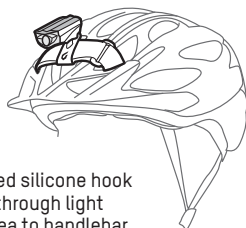

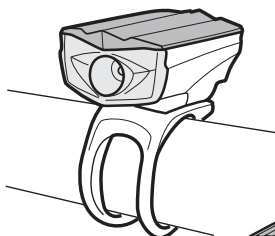

ORANGE = 75% to 25% Battery Capacity

(lit for 5 sec after button press)

RED = <25% Battery Capacity

(lit when light is running constantly)

NOTE: For most accurate Fuel Gauge reading run light until it turns off automatically then charge until full (GREEN blinking LED).

MOUNTING:

Option 1: Thread included silicone hook and loop closure strap through light body to attach Super Flea to handlebar.

Option 2: Clip Flea to helmet mount, head mount or hat mount. (Available separately Part #2024357).

WARNING: Potential choking hazard to children. This light is extremely bright—do not aim directly into eyes. UK ONLY: When used for cycling, this light should be used in conjunction with a British Standard 6102/3 cycle light.
